Inflatables are permitted within the pool but hard items such as body boards etc are not allowed. Children under the age of 18 must have an adult present with them within the pool area at all times when they are using the pool as the pool is without a professional lifeguard. The pool will be available for your use each day of your stay between the hours of 10.30am until 7pm (it may be available earlier but it depends on how long the robot takes to clean the pool).

HOT TUB – No children under the age of 16 permitted in hot tubs at any time. When using the hot tub, remember there is a certain health risk associated with this facility. Use at your own risk. Our housekeepers sanitize, refill and replenish chemicals in all tubs prior to your arrival; therefore, it may not be warm until later that evening. We will undertake to check the chemical levels each morning to ensure that the levels are maintained. Therefore please refrain from using the hot tub during the morning period. DO NOT STAND ON THE HOT TUB COVERS. Hot tub covers are for insulation purposes and are not designed to support a person or persons weight. They will break and you may be charged for replacement. Remember when not using the hot tub, leave cover on so hot tub will stay warm. We request that the Hot Tub is not used after midnight to avoid any noise disturbance.

FIREPLACES – There is a wood burning stove in the kitchen which provides the main source of heating in the home. In the colder months, you will receive one large basket of wood free of charge upon your arrival if you require any additional wood then additional baskets are chargeable at the house. We would request that you are careful not to break the glass in the fire as this is very expensive in France.

WATER AND SEPTIC – The house is on mains water but operates septic systems for the removal of water. The septic system is very effective; however, it will clog up if improper material is flushed. DO NOT FLUSH anything other than toilet paper. No feminine products should be flushed at any time. If it is found that feminine products have been flushed and clog the septic system, you could be charged damages of up to three hundred euros (300.00€).

All efforts will be made to ensure that all the facilities are available to you but due to any prior actions of previous clients we cannot guarantee the availability.
